In the Matter of

Resolution Approving the Expedited Type 2 Annexation Petition for the Annexation of 57.16 Acres +/- in Scioto Township into the Village of Commercial Point – Michael Edward Struckman, Trustee S&G Commercial Point Ltd., Petitioner:

Thomas Hart, Issa, Wiles, Burkholder & Teetor, Michael Edward Struckman, S&G Commercial Point Ltd., Sterlin C. Mullins, County Engineer, April Dengler, County Administrator and the Commissioners were all present for the Type II Annexation for 57.16 +/- acres. Mr. Mullins expressed his concerns that the agreement to maintain the road included in the annexation needs to be in place before the approval of the annexation. Mr. Hart stated that the statute does not require the agreement for road maintenance be signed at the time of annexation approval, that it must be agreed upon by the parties to resolve the issues. Commissioner Stewart had concern that if the Village did not follow through and sign the agreement the road would not be maintained. Mr. Struckman was told that he Village has an agreement with the Township to plow the roads and the Village receives funding for road maintenance. Commissioner Stewart expressed that there needs to be something on the record that Commercial Point agrees to maintain the roads that are a part of the annexation. Mr. Mullins review of the annexation is to review and provide the insight of the Engineer for road use. Mr. Mullins felt that the Village and Township both should be present today's hearing to go on the record and state their standing of the road agreement to the annexation in question. Commissioner Stewart stated that he wants to get this done, but the correct way so not to have problems down the road. The Commissioners requested a letter from the Village stating that they agree to maintain the road that is included in the annexation. Mr. Hart and Mr. Struckman will contact the Village today and try to produce the requested letter by the end of the day for the review of the Commissioners. Commissioner Stewart stated that the statute states that an agreement will be provided for road maintenance on annexation. Mr. Mullins stated that the Township wants to maintain the road because they receive funding and the Village does not have a road maintenance plan. Shortly after discussion a letter was provided by email from the D. Ross Crego, Village of Commercial Point Administrator, agreeing to the road maintenance.

During business conducted while in session, the commissioners held a meeting and reviewed the Expedited Type 2 Annexation petition filed in their office on March 4, 2019, for the annexation of 57.16 +/- acres of Scioto Township into the Village of Commercial Point. Thomas L. Hart, Issa, Wiles, Burkholder & Teetor, is the agent for the petitioners, Michael Edward Struckman, Trustee, 8960 State Route 762, Orient, Ohio 43146;

With no annexation agreement or cooperative economic development agreement filed with the Expedited Type 2 Annexation petition, the territory to be annexed may not, at any time, be withdrawn or excluded from the township pursuant to ORC 503.07. The annexed land thus remains subject to the township's real property taxes.

Commissioner Brian Stewart offered the motion, seconded by Commissioner Harold Henson, to adopt the following Resolution:

Resolution No: PC-040919-4

WHEREAS, an Expedited Type 2 Annexation petition that met all of the engineering and legal requirements was properly filed in the Pickaway County Board of Commissioners' office on or about January 25, 2019, for the annexation of 57.16 +/- acres of Scioto Township to be annexed into the Village of Commercial Point; and,

WHEREAS, the person who signed the petition, Michael Edward Struckman, as Trustee and Sole Shareholder of S&G, 8901 State Route 762, Orient, Ohio 43146, such company is the owner of the property to be annexed; and,

WHEREAS, the petition contains the signatures of all of the property owners in the territory to be annexed; and,

WHEREAS, the territory to be annexed does not exceed 500 acres; and,
WHEREAS, the territory to be annexed share a common boundary with the municipality for a continuous length of at least 5% of the perimeter of the territory to be annexed; and,

WHEREAS, the annexation will not create an unincorporated area of the township that is completely surrounded by the territory to be annexed; and,

WHEREAS, the Village of Commercial Point Council adopted a Resolution on March 21, 2019 that was received by the Pickaway County Board of Commissioners' office on March 4, 2019, adopting the statement of municipal services it will provide to the territory to be annexed; and,

WHEREAS, no street or highway will be divided by the boundary between the municipality and township so as to create a road maintenance problem; then,

THEREFORE BE IT RESOLVED, that the Pickaway County Board of Commissioners hereby approves the Expedited Type 2 Annexation of 57.16 +/- acres of Scioto Township into the Village of Commercial Point, Pickaway County, Ohio, filed by Thomas L. Hart, Issa, Wiles, Burkholder & Teetor, the agent for the petitioners, Michael Edward Struckman, Trustee.

Voting on the motion was as follows: Commissioner Stewart, yes; Commissioner Wippel, yes; Commissioner Henson, yes. Voting No: None. Motion carried.

In the Matter of
County Administrator Report:

The following is a summary of the report provided by April Dengler, County Administrator:

• WDC Group measured the porch at the Commissioners’ Office last week for repairs and will be getting a plan together to present. There is a meeting scheduled at the Sheriff’s Office on Wednesday, April 10, 2019 at 9:00 a.m. to meet with WDC Group regarding the sewer pipe project.
• CORSA is looking into what their engineer submitted and will follow-up upon review.
• There has been a claim filed with CORSA for the garage doors at the Sheriff’s Office. The doors released and fell onto an ambulance causing minor damage to the vehicle.
• Mrs. Dengler submitted the Participation Agreement Regarding Energy Purchase Programs of the CCAO Service Corporation, CCAOSC Energy Solutions, a subsidy of Palmer Energy Company, Inc, to Judy Wolford for approval to form.
• Mrs. Dengler is gathering information for a large public records request submitted by the City of Circleville. Mrs. Dengler is in hopes that the response may be filled next week.
• The P3 Investor Reception is tonight at 5:00 p.m. at Cooks Creek.

In the Matter of
Approval of J&J Proposal to Paint:

Commissioner Brian Stewart offered the motion, seconded by Commissioner Harold Henson, to approve the proposal for J&J Coating, LLC for the painting of walls for new office at the Service Center, RPHF Solid Waste and Park District Office, EMA and shop area. Total estimate is $8,325.00.

Voting on the motion was as follows: Commissioner Stewart, yes; Commissioner Wippel, yes; Commissioner Henson, yes. Voting No: None. Motion carried.
In the Matter of
Tawn Seimer, Director of
Soil and Water Conservation District:

Tawn Seimer, Solid Waste Conservation District Director, Sherrill King and Justin Armentrout, USDA-NRCS, met with the Commissioners to discuss their Lease through USDA. Their lease will be up soon and they inquired what office space is available in the county. Commissioner Wippel gave a breakdown of what office are currently moving into the Service Center, Fourth District Court of Appeals, Mike Hess, Park District, RPHF Joint Solid Waste and EMA. Mrs. King stated that they have personnel space but are running out of space for record keeping. Records are kept in house for up to 15 years and take up a significant amount of space. USDA-NRCS retains cropping records dating back to 1980 and sometimes those records have to refer to per Mr. King. Soil and Water and USAD-NRCS would have interest in any space available in the Service Center Building. Commissioner Wippel asked if being on two different floors would be a concern and Mrs. King and Mr. Armentrout do not feel that it would be a problem to be separated from Soil and Water. Commissioner Wippel stated that all options are being reviewed since there has been a lot of interest from several departments for available space. There is space available for records retention storage at the Engineers Office that USDA-NRCS files could be stored. The three organizations have a total of 18 employees, Soil and Water has 5, Mrs. King has 8 and Mr. Armentrout has 5. The Commissioners will be evaluating available space and will be getting back with all departments that have inquired for use.

In the Matter of
Auditor’s Monthly Reports:

Melissa Betz, Auditor, met with the Commissioners to provide an end-of-month report for the month of March 2019. Mrs. Betz was made aware that there is a new compliance manual that the State put out and Mill-Huff Stang will research the changes. Mrs. Betz stated that the cash balance as of today is at $8,794,007.41 and that you can actually see the receipt from the last collection of real estate taxes. There was two findings mentioned in the audit performed last year and Mrs. Betz met with J.L Uhrig to clarify. Mrs. Betz felt that what was found is interpreted by ones option versus the other. End of the month balance for March was at $7,534,038.24. Commissioner Stewart thanked Mrs. Betz for providing the requested reports. The 410 fund has had a few large draws and there is more bills coming for the Pickaway Agriculture and Event Center project. New Line items need to be put in place to start the transfer from the general fund into the debt fund to pay the fairgrounds debt. Bond proceeds and donations can be deposited into the 410 fund and create new line items for record keeping. Mrs. Betz is working on updating the lists for elected officials, villages, townships and school boards for the Heritage Ball to be held at the Pickaway Agriculture and Event Center in June. Mrs. Betz informed all that Karlena Reinhard started as the new Finance Clerk on April 1, 2019. Mrs. Betz thanked the Commissioners.

In the Matter of
Agreement to Participate in the Multi-County Branch of
The Office of the Ohio Public Defender:

John Cornely, Athens County Public Defender’s Office, met with the Commissioners, Judge Dumm and Judge Knece to discuss the 2020 Public Defender Contract. Based on current statewide cost and revenue projections, the reimbursement rate for fiscal year 2020 will be 70 percent, leaving the county’s share to decrease to 30 percent. The fiscal year 2020 budget for the program is $201,154, a 1.6 percent decrease from the 2019 fiscal year. The county’s share is 30 percent or $60,344. This is a 49.1 percent decrease from the fiscal year 2019. The difference is largely due to the change in the state reimbursement rate. Judge Dumm had a few concerns with the case load, but overall was pleased with the contract. Judge Knece asked if the State has considered doing more than a one year contract and Mr. Cornely offered to suggest a two year contract, but at this point in time only a one-year contract is provided.

Upon review and approval of the Pickaway County Judge Knece and Judge Dumm, Commissioner Brian Stewart offered the motion, seconded by Commissioner Harold Henson, to approve the Agreement to Participate in the Multi-County Branch of the Office of the Ohio Public Defender.
Voting on the motion was as follows: Commissioner Stewart, yes; Commissioner Wippel, yes; Commissioner Henson, yes. Voting No: None. Motion carried.

In the Matter of  
Shooting Range Locations:  

Sue Moore wanted to speak to the Commissioners about tier 1 Firearms and a adjacent property owner that has a Conceal Carry Training Gun Range on his property that he advertises. Ms. Moore is not against gun rights, as she holds a CCW license. Mrs. Moore stated that she has explored Ohio Revised Code and it states that the NRA guideline is what is to be followed. Mrs. Moore is asking for an objection to stir up the Commissioner to pick up legislation on gun ranges. Mrs. Moore states that her point is the shooting range and regulations needing to be in place. Commissioner Wippel suggested to reach out to the township zoning and Ms. Moore stated that in 2018 it was stated that townships do not have jurisdiction to regulate gun shooting ranges. There are other businesses in her area and that is not the problem at all, it is the safety of the area. The Commissioners stated that they would also research the jurisdiction of gun ranges.
In the Matter of
