**In the Matter of**

**County Administrator Report:**

- Mr. Lutz informed the commissioners that there was a minor change to the 2018 General Fund budget and the Planned Capital budget related to a new copier for Common Pleas. When the Planned Capital budget was originally approved, monies had been taken from the Common Pleas operating budget to accommodate the copier purchase; however, rather than purchasing the copier, it has been communicated that the Common Pleas judge prefers to lease the equipment. Therefore, the monies originally allocated in the Planned Capital budget for the purchase has been removed and placed back in the Common Pleas operating budget to cover the monthly lease payments.
Mr. Lutz has informed Jon Brown, Maintenance Supervisor, that the 2018 Planned Capital projects have been approved and preparation in implementing those projects can begin to move forward weather permitting. The Pickaway Annex roof replacement project was one project mentioned, which will be let out for public bidding and quotes will be obtained for the replacement of air-conditioning units.

The 2017 General Fund revenue ($18,225,428.45) and expenditures ($16,353,788.21) were reviewed. With the $5,747,196.38 end-of-year balance in 2016, there is a projected $7,618,636.52 year-end balance for 2017, which does not include the 2017 unspent county department operating funds.

In the Matter of

Implementation of Convenience Fees for
Consumer Credit/Debit Card Transactions:

Ellery Elick, County Treasurer, met the commissioners to discuss the implementation of credit/debit care convenience fees for over the-counter and online consumer credit/debit card transactions. In September 2017, after the county solicited local banks, the Savings Bank was selected as the county’s depository of public funds for the next 4-year period. It was noted in the Savings Bank proposal that it will no longer be able to absorb all of the consumer credit/debit card convenience fees as it has done in past years; however the Savings Bank will cover up to $100,000 a year in fees over the 4-year period with a $250,000 compensating balance in a 4-year certificate of deposit at 0% interest to help offset the cost. Based on total credit/debit card online and over-the-county transactions that were made by consumers in the county treasurer’s office for years 2016 and 2017, Mr. Elick stated that the $100,000 the Savings Bank will absorb will leave an approximate $45,000 deficit that the county will need recoup. This does not include credit/debit card transactions made at the Dog Shelter and the Building Dept. that now offers consumers the ability to pay for transactions with credit/debit cards.

After a detailed discussion was held that considered a flat fee per transaction, or a percentage fee based on the transaction amount, it was determined that a 1% convenience fee will be implemented on over-the-counter and online transactions made in the county treasurer’s office.
