In the Matter of
Meeting Tom Davis of
Ross, Pickaway, Highland, Fayette
Solid Waste District and Park District (RPHF):

Tom Davis, of the RPHF Solid Waste District, met with the commissioners to discuss the 2017 year for the Park District and provide a year-end report. The Park District had an outstanding year, as the park levy was before the Pickaway County voters and passed November 7, 2017. After several years of planning the Park Board placed a .5 mill, 10 year, property tax before the Pickaway County voters and with a succeeded, 55% yea, to 45% nay results. Levy proceeds will provide the District with approximately $700,000.00 per year for the next 10 years to allow improvement and expand outdoor recreation in Pickaway County.

The Park District completed several major projects in 2017:

- Completed the 1.5 mile Roundtown Trail
- New trailhead parking lot on Canal Rd.
- Park & Trail Grant support
- Accepted Canal land transfer from ODNR
- Boy Scout Eagle project
- Completed a successful State of Park District 2015 & 2016 financial & administrative records
- New Pickaway County Parks & Trails map
- Website Enhancements
- Dick & Jane Plum Family Foundation donation
- Canal Lock 31, National Historic Register application
- Park Board member changes

The Pickaway County Park District revenues were greater than projected due to different donations made to the Park District. As of December 18, 2017, PCPD had received approximately $28,340. These monies were received from Pickaway County Commissioners ($10,000), the Ohio History Connection ($4,750), a donation from Berger Health Systems ($2,500), Healthcare Logistics ($1,000), a $10,000 (2016 year-end) donation from the Dick & Jane Plum Family Foundation, plus miscellaneous cash deposited into the Canal Park donation box. The donation box was removed mid-2017.

The Pickaway County Park District expenditures were less than projected as of November 18, 2017. PCPD had expended approximately $32,585 as the Park Board had appropriated $44,650 for the year of 2017. Estimating additional expenses for December, it appears the Park District will expend the guesstimate
of $33,000 in 2017, resulting in an additional $11,000 to carry-over into 2018. The 2018 budget will have approximately $54,000 in the Park District funds to begin the 2018 year.

Mr. Davis submitted the RPHF Solid Waste Management Plan 2018 Update for the review of the Commissioners. This plan is a 15 year plan with 5 year updates as mandated by the State of Ohio (ORC§3734.56).

Also discussed was the upcoming RPHF Solid Waste Board of Director’s meeting scheduled for Thursday, January 11th, beginning at 10:00 a.m., at the Ross County Service Center.

In the Matter of
Resolution Enacting a Temporary
50% Weight Reduction on all Monroe Township Roads:

Chris Mullins, County Engineer, met with the Commissioners to discuss the adoption of a temporary 50% road load reduction requested by Monroe Township due to the freezing and thawing of township roads. Monroe Township Trustees requested for the 50% road reduction to be February 15, 2018 to June 1, 2018, and after discussion with Mr. Mullins it was found that the dates of February 15, 2018 to May 1, 2018 would be adequate for road limit restriction pursuant to weather conditions. Mr. Mullins typically requests February 1st to April 1st for weight limit restrictions for all county roads during times of thawing and moisture on a yearly basis.

Upon discussing the request, Commissioner Brian Stewart offered the motion, seconded by Commissioner Jay Wippel, to adopt the following Resolution:

Resolution No.: PC-010918-2

BE IT RESOLVED that per Resolution No. 01-18 adopted by the Monroe Township Trustees on January 1, 2018, the Pickaway County Board of Commissioners hereby enacts a temporary 50% weight limit reduction on all township roads in Monroe Township due to freezing and thawing conditions for the period of February 15, 2018, to May 1, 2018.

In the Matter of
Meeting with Todd Valentine of LW Associates
Regarding Shawnee Grove Phase II, Letter of Support:

Mr. Valentine presented the Commissioners with a letter of support for the Shawnee Grove Phase II project, asking for their signatures as support. The supporting letter is in hope that the Ohio Housing Finance Agency will recognize the Commissioners support for affordable housing for local Pickaway County families and award Tax Credit funding to the proposed development. Phase II will consist of up to 50 units being located on the east side of Kingston Pike at Granite Dr. in Circleville Township. The family units will be based on 60% AMI (area medium income), will consists of ranch style units with one to four bedrooms, washer/dryer hook-up and 1.5 car garage.

LW Associates is working with the Circleville Township Trustees and zoning committee preparing the application to apply for the proper zoning. It will be at the discretion and vote of the township trustees as to whether the re-zoning will be approved. The Commissioners letter of support is for the purpose of applying for financing only and does not take a position advocating for or against the re-zoning request. Mr. Valentine stated this will provide growth to the county and allow for clean, safe, affordable rent as starter homes for local families.

Commissioner Brian Stewart offered the motion, seconded by Commissioner Harold Henson, to approve and sign the Shawnee Grove Phase II, letter of support.

In the Matter of
Meeting with Board of Elections
Regarding IT Matters and Computer Purchase:

The Board of Elections presented the Commissioners with a contract from Triad, relative to the purchase of new computers, scanners and maintenance support. Triad is approved with the Secretary of State, and they are familiar with elections. Dave Winner, Melanie Willeford and Michele Lockard of the Board of Elections explained their main reasoning for the requested change of support providers for the Board of Elections being that they need support 24/7 during elections. The Secretary of State has deadlines regardless of issues the county may have with software or computers. Commissioner Brian Stewart, suggested the County’s IT Department simply be approved for more hours during elections or set aside block hours designated at specific times, rather than secure 24/7 coverage 365 days a year which is not necessary.

The Commissioners will review the contract prepared by Triad and follow-up with the Board of Elections upon reviewing.

Ms. Lockard inquired as to the status of the scanning of documents. The Board of Elections has stacks of election results and minutes that need to be scanned for the purpose of electronic filing. Commissioner Stewart is meeting with Prime 3SG, to discuss the next project of scanning for the county. The Boards of Elections may be considered to be a part of the project.

In the Matter of
Meeting with Ellery Elick, County Treasurer:

County Treasurer, Ellery Elick met with the Commissioner to follow-up and advise as to his findings regarding merchant processing fee (MPF) for credit card use. A government agency cannot collect any sort of a service fee directly; this would have to take place through a third-party vendor. Mr. Elick explained that the credit card transactions are already processed through a third-party vendor, known as Sage Solutions, and they will have to collect any fees through which credit cards they process. The Treasurer’s office would complete the transaction and process the exact amount due owing to the office, Sage Solutions would then charge the MPF directly to the customer at the rate of 2.95% of the transaction. The MPF would be a fee that would appear on the customer’s statement as a charge to their credit card by Sage Solutions. Implementing this procedure would have Sage Solutions collecting the merchant processing fees directly. The Treasurer’s office would be required to post a public notice notifying the taxpayers of the fee that would be charged by Sage Solutions.

Mr. Elick stated that the agreement with The Savings Bank, with no MPF up to $100,000 annually for the 4-years term with a $250,000 compensating balance in a 4-year certificate of deposit at 0% to help offset the MPF will no longer be required due to The Savings Bank would no longer be the institution processing the credit card transactions, it would now be Sage Solutions.

Therefore, Commissioner Harold Henson offered the motion, seconded by Brian Stewart, to accept the recommendation of Ellery Elick, Pickaway County Treasurer, in rescinding the January 2, 2018, motion of The Savings Bank of Circleville as the institution for credit card processing of the county for the next four-year period of October 11, 2017, thru October 10, 2021, and to adopt the following Resolution:

Resolution No.: PC-010918-3

RESOLUTION
RESCINDING THE DESIGNATION OF THE SAVINGS BANK FOR CREDIT CARD PROCESSING

WHEREAS, The Savings Bank will no longer provide credit card processing for the Pickaway County Treasurer; and
WHEREAS, The Savings Bank will not require a $250,000 compensating balance in a 4-year certificate of deposit at 0% to help offset the MPF; then

THEREFORE BE IT RESOLVED, BY THE Board of County Commissioners of Pickaway County, State of Ohio, that:
