In the Matter of
Soil and Water Conservation District
Second Quarter Review:

Tawn Seimer, Soil and Water Conservation District Director and Katerina Sharp met with the Commissioners to provide an update of the 2nd quarter for SWCD.

Administrative

The District Fish Sale pickup was moved to May 5th and was at the Ross County Fairgrounds with Ross SWCD Fish Sale customers. There was a total of 44 customers between the agencies and all orders were picked up. Fenders (the fish vendor) did not bring the fish food and some conditioners that customers had ordered. Mrs. Seimer personally delivered these items to the home of the customers throughout Pickaway County. District staff distributed flats for the Plug Sale pick up on May 18th. There were 24 customers that picked up 169 flats of plugs. The event was held outside with social distancing and the wearing of masks. The plugs are for the Mid-Contract Management practice for certain CRP contracts. SWCD works with Patchwork Gardens to produce and deliver the plug for the plug sale.

All trainings and meetings statewide have been cancelled since March 23, 2020. There are some trainings being re-scheduled, with the unknown if they will take place. As of June 1, SWCD staff is back in the office on a regular basis. NRCS staff is still tele-working from home until they have clearance for all to be in the office at one time. NRCS Office is still closed to the public. They are assisting customers by phone and email. Customers that do come to the office and knock are assisted also. The SWCD Board of Supervisors have agreed to separate the SWCD and NRCS agencies in their current office areas. The SWCD is working on the process to move to an area on the first floor of the Pickaway County Service Center. Mrs. Seimer feels that move would allow for SWCD to have an exterior entrance and room for additional staff when needed. SWCD is working with IT individuals to allow staff to access the server from outside the office. The District is also going to get another cell phone for the technicians to use while in the field. This is to allow for staff to work remotely is there was to be another lockdown.

Education/ Outreach

The Pickaway SWCD April Newsletter was mailed to 2,565 people and emailed to 465 people. Ohio Native Plant month took place in April and educational Facebook posts were created and shared daily. In lieu of 5 Area Envirothon contests around the state, this year there was instead one State Envirothon test for all teams. The test was created by Pickaway and Fairfield SWCD partners. SWCD set up a booth at the Pickaway County Fair with the Augmented Reality Sandbox and soil tunnel. There were 325 people that visited the tent throughout the week. SWCD hosted a Cloverbud activity at the Pickaway County Fair for 26 Cloverbuds. Attended 3 Ag Day planning meetings. Ag Day will go virtual for the 2020-2021 school year. Attended 3 Be the Change for Clean Water partnership meetings and several online webinars for SWCD related topics. SWCD partnered with Pickaway County Library to display framed 1st place county posters from NACD Poster Contest in Children’s Area of library for a year each. There are plans to host Experience Earth Camp July 21st and 22nd were in full swing.

Technical

SWCD is finalizing the Kingston Pike/ Rhoads Ditch Petition design. There have been 6 waterways surveyed and in design phase and 2 waterway layouts/ construction are open. There are 17 drainage concerns and land evaluations, assistance in office and in field and 5 pond evaluations, assistance in office and in field.

In the Matter of
Health Department:

Mayor McIlroy met with the Commissioners to discuss the Health Department and the DAS. Mayor McIlroy has a lot of concerns and has through Kasandra Wright and Steve Hawkins. There is a intern now
working as the financial specialist. Mayor McIlroy was informed at the last hearing that the Health Department Board wanted to hire several individuals for positions, and he questioned were the funds were coming from to pay these positions. Mayor McIlroy submitted a public records request to the Health Department wanting to know where $47,000 went. The Health Department is not accredited, and records of funds do not seem clear. The Commissioners asked Mayor McIlroy what his resolution would be. Mayor McIlroy feels that a qualified health commissioner needs to be hired and new board members need to be put in place. Decisions are being made by two board members and not the entire board. Commissioner Stewart suggested that the DAC meeting needs to be its own and not a part of the township association banquet. The DAC votes come from one member from each township, one from each village and the city. The parties do not show up at the meeting for voting purposes. Mayor McIlroy has reviewed records and there is misspending, and it needs to be addressed. Mayor McIlroy explained that he shows his appointees an outline of what is expected of board members and highlights that the Board is not to interfere with the day-to-day operations of the Heath Department. The administration needs to be held accountable and not just making decisions. The Health department needs to be accredited and needs to be addressed why the accreditation was not approved. Mayor told Mike Wolford that if they are holding 4-hour meeting, that it needs to scaled back to one-hour meetings. It is not functioning, and it is not functioning well. Mayor challenged the DAC when he first came on board and attended a DAC meeting and was told that they do not vote. They are given about 90% of their funding and need to be held accountable. The Commissioners will be submitting a records request to the Health Department and their Board. Mayor stated that another resolution would to be disband the Pickaway County Health Department and join with another counties Health Department. Commissioner Stewart addressed that an elected official or mayor can not force a business to close, however the Health Department can and has no one to answer to. Mayor receives many calls a day regarding mandated mask and he has nothing to enforce. The Commissioners and Mayor all agreed that their presence at the meeting is needed.

In the Matter of
Weekly Dog Warden Report:

The weekly report for the Wright Poling/Pickaway County Dog Shelter was filed for week ending July 25, 2020.

A total of $385 was reported being collected as follows: $100 in adoptions; $150 in dog license and $45 in dog license late penalty; $40 in owner turn-ins; $25 in private donations and $25 in redemptions.

Five (5) stray dog were processed in; two (2) dogs were adopted.

With there being no further business brought before the Board, Commissioner Stewart offered the motion, seconded by Commissioner Henson, to adjourn. Voting on the motion was as follows:
Commissioner Henson, yes; Commissioner Stewart, yes; Commissioner Wippel, yes. Voting No: None.
Motion carried.
