In the Matter of
Pickaway Progress Partners Development:

Ryan Scribner and David Glass, Pickaway Progress Partners, and Caleb Bell, Bricker and Eckler, met with the Commissioners to discuss development of a Port Authority in Pickaway County. Mr. Bell specializes with port authorities with surrounding counties. Mr. Bell explained a port authority board and their purpose, along with guidelines. Port authorities is a way to develop and yet hold for the right business at the right time. The ease and flexibility of port authorities are beneficial to counties. Mr. Scribner went on to discuss how the Port Authority could help with the financing of a project with a TID and be helpful with lower rates. Another county utilizes their savings from using the Port Authority with a percentage going back into the county infrastructure. Commissioner Stewart asked the question if the board members are paid and Mr. Bell stated not typically, however, it can be. Commissioner Stewart’s concern is having people on the board with qualifications and experience. Port Authorities would have the authority of sales tax for infrastructure of that project. Some have a port sharing agreement with counties and staff sharing arrangements. Port Authority board is not elected but does indirectly answer to elected officials, which would be the Commissioners. Mr. Scribner wants to make sure we are competitive with the right tools in the toolbox. Mr. Scribner explained that this is an opportunity to make a substantial impact to add capacity without putting the community at risk. Commissioner Stewart felt the discussion was helpful and want to review the information to see if it would be beneficial to Pickaway County and Pickaway Progress Partners. This could be away for regional collaboration with southern counties. Mr. Scribner and Mr. Glass see it as a group effort with having a port authority board and the Commissioners, not a giving of power. Commissioner Stewart addressed the concern of a board being able to hire a new Economic Development Director when there is such a great working relationship with Pickaway Progress Partners and Mr. Scribner and Mr. Glass. Mr. Scribner see this as a creative way to sustain what Pickaway Progress Partners provide for Pickaway County. Commissioner Stewart suggested additional meeting for further discussions to see if this is an option for Pickaway County. Mr. Bell explained that there are 40 other county forming Port Authorities. A Port Authority can be created with bylaws to follow that are set in place by the Commissioners. The Commissioners thanked Mr. Bell for meeting with them and providing information regarding a Port Authority.
